There is no need to modify the G.O. I can hardly believe that any more of the graduates who applied can come up to the level of this "middle-school" man with his experience. However as the Dewan has agreed, I do not wish to stand in the latter's way

OFFICE OF THE CENSUS SUPERINTENDENT
IN MYSORE.

Bangalore, 2nd August 1910

Dear Sir,

In Proc. No. H C-131-3. dy 13 June 10
Cen. 16-09-2

the Govt. sanctioned the appointment of a graduate who will work as Head Clerk selected as clerk on Rs 30 for this office On this, applications for the post were invited by a notice in the Mysore Gazette specifying the conditions laid down by Govt, the last date fixed for the submission of the applications required in the 31st Ult. Till then, 6 applications from graduates

have been received. I append a list of them. It will be seen that none of them holds a permanent post under Govt.

2 With reference to this appointment my Assistant Mr Innes enquired for him me that when on 16th Ultimo, he had an interview with the Dewan, he represented to him the expediency of appointing one who has had experience of Canal work in the past among his preference to a graduate new to Official work and even mentioned the name of one S. Somasundaram a Taluk Hd Sumastah now on leave but as a Suitable hand for the post by reason of

his past & present training in the Jenana Abstraction Office of 1907 and that he deserves & proved himself as appears to be much Selection Bont, also as at the same, the notice invites applications from graduates in accordance with the Govt order had already been issued in the form. the Board like now to see if better candidates could be had

3 Also, all the six graduates who have applied hold no permanent appointments under Govt. and are now in Survey work and the ~~graduates~~ with their general education as graduates they may prove their superiority in the long run. Yet at present it is

problematical how far they will take to Census work and check with former ones when it comes to the work of the Abstracting Office

All Circs considered I think that a Co trained Census man may, with advantage, be selected for the post in preference to graduates; and I therefore propose to appoint G. Srinivasa Rao, who, tho' he has passed the Middle school Examination is yet spoken of by Mr Thurston as a Capable Official who had done good work under him in the last Census. and is fully Conversant with all the details of the Census work, having been an

and is willing to take over here on.

I request you will kindly place the
matter before the Dewan for consideration
and return him if the post will
